Our Vision

...to continue building on our founders commitment to grow curling as a lifetime winter activity for youth, adults, and families. The new facility will allow us to share our facility with compatible community functions.

Our passion is to provide more recreational and competitive curling opportunities at all levels of competition, for all age levels. Perhaps no other sport can offer the broad range of opportunities that curling brings to our community. Did you know that the Grand Forks Curling Club has produced ND State Champions for Junior Boys, Junior Girls, Women, Men, Senior, and Mixed categories? And we should mention our US National Junior Boys.

Please join us in this project – this facility will offer more opportunities for our youth, adults, families, and seniors – an opportunity for all ages!

Community Opportunities

This new facility will have a new space that will be able to accommodate appropriate non-curling community functions.

- Art Shows
- Shuffleboard Leagues
- Company Meetings
- Family Reunions

Events

Have you heard of our annual bonspiels? We continue to bring curlers of all ages and genders from near and far to Grand Forks – many times every year, year after year – **consider that economic impact to Grand Forks over 50 years!**

- Regional and State Playoffs
- U.S. National Championships
- World Men's Championships

- Four Sheets of Refrigerated Ice
 - ADA Compliant
 - Expanded Men's and Women's Locker Rooms
 - Main Floor and Upper Level Viewing
 - Upper Level "On the Ice" Viewing Balcony

Special thanks to our original founders, who's vision built a facility that served us for 50 years, and also to our members, whose financial support and volunteer hours have launched this project which will see completion soon. Thanks to the Myra Foundation as well, whose belief in this project added fuel to our fundraising at the right time. Also, a huge thanks goes out to our businesses and community members who have see the opportunities this facility can offer and who have offered their support on this project.
